To gain access to MyLabsPlus for your Math course(s), visit Iowa State’s portal page at: 

iastate.mylabsplus.com

Enter your Net ID (everything before the @ in your iastate email address) as your username. Enter the last four of your Student ID number as your password.

1. Go to website
2. Enter NetID.
3. Enter last 4 digits of SID.
4. Click to change initial password.
5. Click your course.
Next, accept the Privacy Statement and License Agreement:

6. Accept the policy.

Enter your MyLabsPlus Access code, purchase access by clicking Buy Now, or select Pay Later for 3 weeks of temporary access:

7. Enter or buy your Access Code.
The final step is to receive you Confirmation & summary for your account. Click on the orange “Return to Course” button. This is the only time you will see this. The next time you login, you will be at the Course Home page with full access to your course.

Upon completion of working in your course each session, be sure to log out using the “Sign Out” link located at the top right corner of the window. Failure to do so could cause session id issues and require steps to clear your cookies and empty your cache.

If you continue having problems with your computer, try a computer in another location and then contact the MyLabsPlus Admin at mathmlp@iastate.edu

Please attach a screenshot (press "print screen" on your keyboard and paste the image into the body of email or attach the image as a file). In the subject line of the email include your course number and section (e.g. Math 165 Sec A) and include a description of the error. If it is a homework problem include the problem number which can be seen in the upper-right corner of the problem (e.g. 10.5.15).

Expect a response within 24 hours or less, but no guaranteed response between 8 pm to 8 am.
